

## eBoravak – Volim Kotor

Register a guest in less than a minute. Using only your phone.

The Tourism Organization of Kotor is launching a new free mobile app – eBoravak – Volim Kotor, which allows accommodation providers to digitally register guests and calculate the tourist tax.

Fast, simple, and completely free.

How to get started?

Prepare two documents: the accommodation registration certificate and a power of attorney (if you manage the accommodation on behalf of the owner).

Visit the Tourism Organization of Kotor, where staff will enter your details and create a user account.

Within a few minutes, you'll receive a username and a temporary password.

Download the eBoravak – Volim Kotor app from the Google Play or App Store.

Log in, change your password – and you're ready to register your first guest.

What do you get by using the app?

Fast guest registration

Instead of going to the tourist office, simply scan the passport with your phone's camera. The app automatically fills in the details – you just confirm the entry.

Automatic tourist tax calculation

The system automatically calculates the amounts and generates reports. Payments are made twice a month – no hassle, no calculations.

Digital confirmation for guests

You can immediately send the registration confirmation to the guest via Viber, WhatsApp, or email – as a PDF document.

Remote management

If you are not present, you can authorize someone else to manage the accommodation.

The app allows you to monitor their work in real time.

No costs. No waiting. No paperwork.

No need to go to the counter.

No more queues, printing, or archiving.

Everything is done via phone, at your convenience.

Note: If someone manages multiple apartments, they can send all the required documentation—which includes the rental license, a contract with the property owner, an email address, and the name of the apartment—to the

email [volimkotoreboravak@tokotor.me](mailto:volimkotoreboravak@tokotor.me). Once the account is created and the agreement is ready, they will be contacted to come in and sign it.

You can call this number +38267009393 to book your slot for submitting of the request at the Tourism Organization of Kotor (Skaljari, former Jugopetrol building, TO Kotor's main office) between 08:00 and 12:00 and start using the eBoravak – Volim Kotor app.

Contact phone: +382 67 009 393

Email: [volimkotoreboravak@tokotor.me](mailto:volimkotoreboravak@tokotor.me)

Faster. Easier. Smarter.
